

## ANGLE OF REPOSE TESTER

### Angle of repose tester type PAM

As a check and for the examination of the pourability and / or the angle of repose of plastic granulates or powder according to DIN ISO 4324.

#### Features:

- Large diameter glass funnel
- Rotating stirrer
- Swiveling funnel closure
- Adjustable height measuring device with scale
- Stable base with removable base plate

#### Technical data:

	Angle of repose tester
	PAM
Article Number	1011.000
Standard	DIN ISO 4324
<b>Technical characteristics</b>	
Upper inner diameter funnel [mm] approx.	140
Outlet inner diameter funnel [mm]	10
Funnel angle [°]	60
Diameter disc [mm]	100
Thickness disc [mm]	25
<b>Dimension</b>	
Width [mm]	180
Height [mm]	400
Depth [mm]	250
Weight [kg] approx.	8
